## The new leadership academy programme available to England Athletics registered athletes

England Athletics is looking to create, develop and inspire a new generation of volunteers who will not only help support the development of the sport, but also gain new invaluable skills that they will be able to take into their life outside of Athletics.

The new **AthleACADEMY** programme will provide athletes aged 14+ with an opportunity to learn about the various roles available within the sport, from coaching to volunteering and from club management to media and promotion via the completion of Bronze, Silver and Gold awards. Volunteers will be provided with their own workbook to log their hours and record their progression.
